To whom it may concern:

I was just informed the other day that K-Love 89.5 may close down due to FCC regulations. K-Love should not close down because it shows us and other people that Jesus died for us. I don't know about you, but I want to hear Godly music not songs that say bad words or are a bad influence to the young. El Paso needs K-Love; El Paso needs to hear to good news and the good music. So please give K-Love 89.5 another chance, will you?

Sincerely,  
Mariana Gonzalez\*

Dear Sirs:

I just heard that K-Love is closing. If K-Love closes that will do a lot of harm to every Christian. K-Love is important to unbelievers of Jesus Christ. If one Christian station closes all Christian stations close. A lot of people learn from K-Love. Its service in El Paso is so important to unbelievers and people who love to learn about Christ. It makes a lot of the people do good and learn more of Christ and the Bible. And that's why K-Love shouldn't close.

Sincerely,

Kevin Ripley

To Whom It May Concern:

I just heard that K-Love was coming off the air. I would hate it if it came off the air. I listen to K-Love everyday. It encourages me and it's the only christian station that I hear. It would be the worst if K-Love wasn't available there would be less Christians. All the churches would be empty. That's why I'm asking to keep K-Love on air.

Sincerely,

Kalie Juarez

To whom it may concern:

I've been hearing that K-Love is getting off air. I am a Christian girl and so are other people who listen to K-Love. I would appreciate if you do not do this because some people have been saved from this radio station. If you don't reconsider at least more than two weeks. How would you like it if your radio station that you listen to and your favorite is not on air? You should think about it before you do it.

Sincerely:

Daniella

To whom it may concern:

I just found out that you have decided to pull K-Love off of the air. Did you know how much El Paso loves their radio station? And, if K-Love is pulled, all the smaller christian stations will be pulled along with it and fortunately that leaves us with nothing. Therefore we are asking to extend the time of raising the money for the new equipment, because the Bible says: "Do all you can and God will do the rest". Thank you for taking the time to read this, because our radio station means so much to us.

Sincerely,  
Chelsea Valenzuela

To whom it may concern: DOCKET FILE COPY ORIGINAL

I heard that K-Love was going to be pulled off the air because of a rule which says you must have new equipment which will cost 1,000,000 dollars with a deadline of November the tenth. I think you should keep it on the air because it turns so many people to Christ so they can be saved. It is really important to me because if people are not on God's side they are with Satan. It would make my family and everybody I know very upset. If you can't leave them on the air at least give them some more time to get the money.

With Christ,  
Kristian

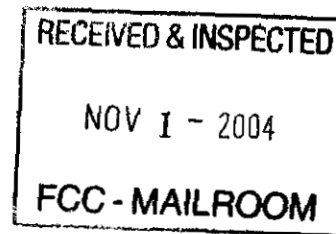

O

To whom it may concern,

I am writing regarding K-love radio station. K-love radio gives a responsible and encouraging outlet in our community. It provides a family friendly environment that children can listen to and we are confident that no vulgarity or any other promiscuous talk will come to young ears. It reaches out to our community with love and compassion. The music is uplifting and something I look forward to hearing every morning. K-love supports wholesome values and has a positive and encouraging impact on communities all across America. I beg you please do not force K-love off the air. It would be such a disservice to our community

To Whom It May Concern:

I just heard that K-LOVE is being taken off the air because of FCC regulations. I hope and pray that you will reconsider. America needs more Christian music now then ever before. This radio station has done a great job of bringing people to Christ, and I would hate to think how bad it would be if this radio station no longer existed. I hope you will think about all the people in America who have not received Christ as their Savior. Maybe even you your self haven't. I bet if you listened to K-LOVE for a while you would realize how important it really is and you might even be saved if you're not already. You are making a very big decision by taking this radio station off the air. I hope you will think about and see if the choice you're making is really the right one.

Sincerely,  
Ashley

FCC - MAILROOM

To the FCC:

I am writing in Reference to the MB Docket No. 04-233. I DISAGREE with your proposal of expanding the LPFM giving it priority over our FM translator service which brings to my home, car and community the K-LOVE radio station 107.1 and 100.9. Whose positive impact is encouraging to every age group of listeners. K-LOVE is family-friendly (that's a rarity these days) and supports wholesome values (a plus for any community). I personally live in a mountain community and more than likely would not be able to receive the K-LOVE signal if it were replaced by an LPFM. It would be a sad thing to happen not only for my wife and I but for many people across this nation. It is the only station we listen to. Thank you.

Sincerely  
Brian McClellan

Dear FCC,

Please do

not displace K-LOVE

Radio broadcast with another LPFM broadcast system.

They are the only station that I have listened to in the past several years.

They offer the best encouraging music I have ever heard, I am now using it as an outreach of my own for youth, jails, & prisons.

I support K-LOVE monetarily, & hope they can continue broadcasting.

Thankyou,

To Whom it may Concern in the FCC,  
Attention: OMB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

I am writing you this letter regarding  
AIR 1 Radio Station.

#1] Air 1 serves me and my family as residents in our local community of Apple Valley, CA because it is primarily the only radio station my family listens to. Our dial is 95% of the time tuned into Air 1.

#2] The effect there would be on my local community if AIR 1 were to be displaced by an LPM broadcaster providing other programming is my community would lose the positive influence, family values, and very encouraging impact that I have heard only AIR 1 provide on the radio.

#3] I believe that the service provided by AIR 1 is in the public interest because families, parents of children want to have an alternative for their kids to listen to. On other radio stations all you hear about is the music played is talk about sex, violence, & being high on drugs. I am a mother of two and I love the fact that AIR 1 provides a positive alternative.  
\*Please do not take our community's radio station off the Air.

Thank you

To Whom It May Concern:

DOCKET # MB 04-233 ORIGINAL

I am writing on the behalf of the K-LOVE radio station. It has been brought to my attention that our local feed could be replaced by an LPFM broadcast service. I listen to K-LOVE radio on 94.3 FM based out of Elgin, Illinois. This local station provides the K-LOVE broadcast to the entire Chicagoland listening area. It would be detrimental to lose this station in our area.

I listen to K-LOVE daily in the car and at home. My husband and 5 year old daughter also listen to it daily - sometimes all day long. K-LOVE provides positive and encouraging music, much different to the other radio selections available. It is family friendly and provides wholesome values in its broadcast. It is a listener supported station, which we contribute monthly. It is a source for us to listen to God's Word at any time. It is such a positive source in a world of negative and immoral media. My young daughter asks for it daily by name. If K-LOVE was taken away from us I'm not sure what I would find on the radio dial as a safe alternative for her.

K-LOVE serves me as a resident in our community by providing positive music daily. The service provided by K-LOVE is in the public interest because it offers positive, wholesome music to children and adults in the area who would otherwise be listening to negative, unethical music. Also, many people cannot afford to purchase all the CD's available to listen to the great artists that are aired on K-LOVE. Listening to this radio station is their only alternative.

This station changes lives in an extraordinary way everyday!!! Please consider this when you evaluate replacing it with the LPFM broadcast. There is so little to offer in today's society to young adults and children that is truly good and clean. K-LOVE is the answer and I would sincerely ask that you do everything in your power to keep it on the air in the Chicago area.

Thank you for your time with this matter.

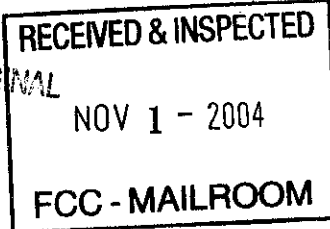

Sincerely,

*Jennifer Swenson*

MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

FCC,

K-Love is a very important part of my day. I am a commuter that lives on a farm and drives to the city daily for my work. I have a long drive and I depend on K-Love to provide the style of music and messages that I need to hear. My children, my friends, and my husband also listen to K-Love and enjoy it very much. The music and messages on this station are positive, encouraging, and very uplifting. We live in times that are very discouraging and at times depressing. We need Christian radio to keep us focused. This radio station ministers to our needs when we are happy and when we are sad. It has helped in the healing process when family members have passed away. I live in an area where there is only one other Christian radio station and it does not provide much music. We need Christian music. I believe that the service provided by K-Love is needed by the public. Please, please preserve this station.

Sincerely,  
Carol Amos

To whom it may concern:

I just heard that you were going to take K-love 89.5 off the air unless they came up with \$1,000,000. ~~24~~ K-love is the only radio station that we Christians have. Without Christian radio stations our faith would gradually lose strength. If their equipment is outdated, their music certainly is not. In fourth grade, my class did a walk for K-love. For every mile, we got five dollars. We raised ~~over~~ \$1,000 and helped K-love. We hope to do that now. It is almost impossible to earn \$1,000,000 in ten days. Listening to K-love not only brightened my day, but it also got me to go to the Christian Bookstore to buy things and increase my faith. Hopefully, it will do the same to someone else. If you or someone you know does not know Christ, tell him or her about him. God Bless You!

Respectfully,  
Stephanie C. Zubia

Dear FCC,

I am writing ~~to~~ <sup>regarding</sup> to the decision you have to make whether to expand the LPFM Stations or not. I understand that if you do this we could lose the station K-LOVE.

I am asking you to please choose not to expand the LPFM Stations.

I cannot express to you how much K-LOVE has helped me & my family. They advertise that they are positive radio station. They are that & more. They have pulled us out of some bad times because of the music they play. They minister & uplift you & help you make it through the day.

If K-LOVE was replaced with a LPFM Station we would lose the most positive instrument

I just Heard that you're taking K-Love 89.5 off the air when I heard the news I was devastated I thought in my Head why? Why would you want to take a radio station that has helped so many people get through all the harsh situations life has put them through. Even as children we understand how important this Radio station is. Although as a child I may not completely understand the concept of this new law or what ever it is but I do understand how important life itself is. That is why I ask of you please reconsider your decision or extend K-Love's deadline.

Sincerely, From the bottom of my Heart  
Cecily M.

FCC-MARCOM

Dear Sirs/Mdms

I am writing about the mentioned Docket and how it will affect the future of K-Love radio signal.

1.) K-Love serves me on 90.5 FM and its very Positive and Encouraging Music they have.

2.) It would have a negative Impact on our local community if it were displaced by an LPFM Broadcaster providing other programming that is not what I want to listen to.

3.) The Service provided by K-Love is commercial free 24 hr 7 days a week with good, moral christian music and it is in the Best of public

Interest that is would stay on

and not be displaced by other station that do not hold to values I have.

FCC,

10.21.04

K-101 has been a part of mine and my families life for many years. It has been an answer to prayer. It helps to bring the very presence of the Lord into my home. It has also been an excellent witness tool for my work place ministry. It has helped to open the doors for my witnessing to several people. It is a pleasant station to listen to during the day at my public work place. Since it has no commercials and no preaching, just good Christian music. The customers there have also made lots of good comments regarding the music. They say it gives them a sense of peace. Now could you possibly think about taking that away from us?

Please, do what it takes to keep this going. Must we just continue to sit back while we are continually being stripped of our rights as Christian believers. For the very blood of Jesus was shed to set us free. Could you look into His blood stained face & tell Him that you helped take this out of the radio waves? Yours Truly,  
Norme Vineros

me Docket No. 04-033

Washington, DC 20554

445 10th Street SW

Federal Communications Commission

I have been informed that there  
maybe a new LPFM stations which would  
take priority over current FM translator  
services such as K-LOVE radio station.  
I have recently found a radio station  
that is Radio and that may 19 month  
old and may 10 1/2 yr old can actually  
listen to a radio station without  
worrying about BOTTS language. K-LOVE  
children. If K-LOVE were to be replaced  
by an LPFM broadcaster it would be  
detracting because K-LOVE along  
with listening people starts up with  
encouraging words they also take the  
time to play on the air as well as  
also the air and so many people have  
turned their lives around and now  
committing their lives to Jesus Christ  
and so many have accepted Jesus  
Christ as their Savior changing their
